

## RESUME

A Senior Facility Planning and Redevelopment Director, Liz Rosenberg possesses 25+ years experience representing Owners at the local, provincial and national level. In that time Liz has directed physical planning, strategic planning, operational planning, construction delivery and technology integration.

Vice President of a major Canadian Construction Company, responsible for the development and oversight of Public Private Partnership projects; including negotiation, and team development. Project delivery, communications and facilitation. Successfully delivered \$800,000,000 worth of projects in Ontario, primarily in the hospital sector.

A skilled Consultant and Communicator having worked for one of the global consulting firms for 12 years in the construction and technology sectors. Provided well-focused entrepreneurial leadership and direction with a clear sensitivity to client, staff and organizational needs, as well as a proactive approach to problem resolution.

Associate, Gordon+Gordon Group Inc.
